## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

### MISSION STATEMENT

The mission of Lang Ranch Elementary School is to maximize student potential by working collectively to educate the whole child. The expected achievement of our “life-long learners” includes the ability to read, comprehend, compute, calculate, problem solve, organize, communicate, inquire, create, design, and research. In addition, the student's moral character and cultural/social needs are addressed in a safe and nurturing environment that promotes self-reliance and a growth mindset.

### SCHOOL DESCRIPTION

Lang Ranch Elementary is a 60,000 square foot, single story, indoor hallway structure that opened in 1998. Lang Ranch Elementary is located in the heart of our neighborhood and has a current enrollment of 675 students in grades TK-5.

Lang Ranch prides itself on meeting the needs of every learner. The school has specialized support programs and models to meet diverse student needs. The GATE (Gifted and Talented Education) program at Lang Ranch has robust staff and parent support that allows for many activities. These include special programs as well as in-class differentiation through the cluster-grouping model. The school strengthens exceptional learners with an MTSS (Multi-Tiered System of Support) model that allows teachers to meet the individual needs of students by building increasing support as the level of need increases. The school also provides a number of intervention and extended learning opportunities for students in need of assistance. In addition, the school's Learning Center assists students qualifying for special education services.

Lang Ranch prides itself in educating the whole child. The school does an outstanding job of providing a solid curricular foundation in all the content areas. Additionally, the school maintains a character education program, a visual and performing arts program, a physical education program, MakerSpace program, and a music program (band, strings and chorus) that provide a solid foundation to our students in a well-rounded manner.

Lang Ranch is moving into the future with a focus upon the 21st Century Skills known as “The 4 C's” – communication, collaboration, critical thinking, and creativity. Students are prepared for the world of the future with an emphasis on these skills via digital and non-digital tools. All primary classrooms have desktop computers, while upper grade classrooms have Chromebooks and laptops for students to access their Google Accounts. Classrooms have interactive boards, panels or an LCD projector and document camera for presentation purposes. The school also uses iPads as a teaching and learning tool

## 2021-22 School Overview

with the purchase of a bank of iPads for student use in each classroom. We have also purchased 5-10 iPads for each classroom to serve as an additional creation and research tool. All the media content from the school library (audio and video) is digitized and available for teachers on demand in the classroom. The entire campus has wireless access.

Lang Ranch is also pleased to be the home of SHINE, the district's elementary Home and Independent Study Program. Students and families access SHINE on the Lang Ranch campus weekly and participate in an individually designed program for students and families to be educated at home based on state and district guidelines and standards.

With all of this in place, Lang Ranch takes great pride in supplying a program that allows every child to reach their personal best through differentiation, support, and quality instruction.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All TK-12 students have current standards-based textbooks in math, science, history/social science, and English/language arts. With each curricular cycle established by the State of California, the Conejo Valley Unified School District (CVUSD) Board of Education adopts textbooks within the timeline provided. Standards-aligned books for grades 9-12 are approved locally. Textbooks in grades TK-8 are selected from lists of books and materials approved by the State Board of Education. Sufficient standards-based textbooks and instructional materials have been purchased for all students in English, math, history/social science, science, health and foreign language. In addition, annually, sites receive specific science supplementary funds to be used for consumable expenses and/or equipment. The process of selecting textbooks and materials involves the formation of a committee charged with the responsibility of reviewing current state standards and frameworks, analyzing student data, writing courses of study (as required) and selecting and maintaining current instructional materials. The goal of such district-wide committees (comprised of teachers and administrators representing all targeted grade levels), is to achieve high academic standards for all of our TK-12 students. Each major subject area, such as math, science, history/social science, foreign language, and English/language arts, is reviewed and adopted under the guidance of the California Department of Education and State Board of Education. The committee submits its recommendations to the Board of Education for final approval. The recommendation to the Board includes the basic textbook materials as well as supplementary materials within the subject. On October 5, 2021, the CVUSD Board of Education approved a resolution for the 2021-2022 school year, declaring that the Conejo Valley Unified School District has provided each pupil with sufficient standards-based textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

## School Facility Conditions and Planned Improvements

Each fall, a team that consists of all or many of the following personnel, inspects each school in the Conejo Valley Unified School District: Site Administrator, Director of Maintenance and Operations, Director of Planning and New Construction, and the Assistant Superintendent. A facilities evaluation is completed documenting the condition of the school in a variety of areas including the cleanliness of restrooms, condition of roofs, paving and walkways, HVAC systems, landscape maintenance, etc. Any observed condition that represents a threat to the health and safety of students and staff is annotated for immediate correction. Notes include items that could improve the utility, appearance, sustainable maintenance, or safety of the school and are recorded and evaluated for potential placement on the District's annual Major Projects List. The projects included on the final Major Projects List are based upon a priority assessment of all identified District schools' needs and the funds available to address those needs. The Board of Education approves the final list in the spring, so the majority of the projects detailed are completed the following summer. Funds available through participation in the State's Deferred Maintenance Program represent a significant source of support for the annual Major Projects List each year. The District revises and submits a Five-Year Deferred Maintenance Plan to the Office of Public School Construction and has had no required contribution to the Deferred Maintenance Fund since the 2008-09 school year. Therefore, the State's annual contribution is available to use for other "educational purposes". This flexibility continues through the current school year. Deferred Maintenance Program projects will be prioritized and financed with carryover funds from previous budgets or as augmented by future funds.

The District provides 2 full-time custodians at Lang Ranch Elementary and they follow District-defined cleaning standards and schedules to ensure that the school provides our students and staff with clean, healthy, and attractive learning environments. Lang Ranch Elementary was opened in 1998. Sited on 8.02 acres of land, the school has 38 classrooms, a multipurpose room, a library, and an administration building. The current capacity at Lang Ranch is 720 students. The District Site Inspection Team assessed the school on 11/22/2021.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Lang Ranch Elementary School is proud to be a member to the National Parent Teacher Association, PTA. Our PTA exemplifies a working and productive PTA that supports Lang Ranch students 100%. It maintains a very active calendar with details on our school web site, [www.langranchelementary.com](http://www.langranchelementary.com). Lang Ranch invites all parents to get involved in their child's education by becoming a volunteer. With about 50% of our parents finding time in their busy lives to come to school and work at least one time a week, we have been able to differentiate curriculum to better meet every child's needs. In addition to a supportive PTA, there is a very active School Site Council (SSC) with monthly meetings open to the public. Parents' representation is evident at our Gifted and Talented Education (GATE) program and our English Learner Advisory Committee (ELAC) program throughout the year. If you are interested in knowing how to become more involved or wish to go on a tour of Lang Ranch Elementary, please contact the principal, Dr. Dena Sellers, at [dsellers@conejousd.org](mailto:dsellers@conejousd.org) or call (805) 241-4417.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Site-specific Comprehensive School Safety Plans covering school site facilities are updated each year and reviewed with site council and school staff. Safety plans include SEMS assignments, emergency response teams and contact information, emergency supply inventory, specific school site information (layouts, schedules etc.), school rules related to discipline and safe schools, staff rosters, and identification of emergency assembly areas. Related District policies and administrative regulations are reviewed and updated on a regular basis to remain current and consistent with new law.

A communication system consisting of alternate powered and mobile two-way radios has been assigned to each site and tested at least annually. Each classroom and office has a phone with dial out and 9-1-1 capability.

The District's Human Resources Department provides training on an ongoing basis to certificated and classified staff. Each year, new employees are offered CPR and First Aid Training through organizations such as the American Red Cross and American Lung Association. The District has also employed an Automated External Defibrillator program at each location.

The District is working in collaboration with the Ventura County Department of Health and the Ventura County Office of Education to ensure that our school Reopening and COVID-19 Mitigation Plans and COVID-19 Safety Plan are in compliance with health department directives.

## 2020-21 Types of Services Funded

Per pupil expenditures include funds expended for all instructional services. These include transportation, Child Nutrition, health services, counseling services/mental health services, instructional materials, and maintenance. The Local Control Funding Formula provides the bulk of funding for nearly all programs with the exceptions of federal categorical allocations and state and local grants.

Categorical funding provides support for Special Education Services – (All Schools), Title I Services - PI (school choice) and Alternative Support Services (seven elementary schools), Title IIA – Professional Development (All Schools) and Title III - English Language Learners/LEP, and Perkins – Career Technology Education (High Schools). Community and parent support groups bolster many programs and services across the District. The Conejo Schools Foundation, PTAs, and Booster Clubs contribute significantly to activities such as performing arts, athletics, academic competitions, etc.

Conejo Valley Unified also receives additional financial support through grant funding such as College Readiness Block Grant - Tobacco Use Prevention Education Program (TUPE) - (Middle and High schools) and Career Technology Education Incentive Grant.

## Professional Development

The Conejo Valley Unified School District is committed to providing professional learning activities for all classified and certificated staff members. Teachers continue to enhance the skills necessary to deliver effective instruction through the implementation of Common Core Standards and current curriculum adoptions. A robust professional learning effort includes opportunities in researched-based instructional strategies, Universal Design for Learning, technological competencies, social-emotional learning, and Professional Learning Communities. The District's Local Control Accountability Plan (LCAP) prioritizes professional development in Goal 2 in order to "ensure highly qualified and effective staff are provided with targeted professional learning and have an understanding that all job responsibilities are structured to support positive student outcomes."

Professional learning strategies such as workshops, virtual meetings and webinars, institutes and academies, as well as job-embedded activities relate to Universal Design for Learning, social emotional learning, educational technology, college and career readiness, Positive Behavior Support, Smarter Balanced Assessments, and other required skills and competencies to meet the needs of all students. Professional learning topics align with District and school site needs identified through and outlined within the District's LCAP goals and the schools' School Plan For Student Achievement. Professional learning for high school faculty and staff members align with each school's WASC action plan.

The District is committed to providing professional learning activities to teachers to improve the instructional process and enhance student achievement. CVUSD teachers are provided three (3) pupil-free work days dedicated to professional learning. These days are led and organized by district and school site leadership on topics to support curriculum, instructional technology, assessment, report cards, instructional strategies, and the use of data to teach all students.

The District also provides an accredited and free Teacher Induction Program to first and second year teachers, as well as both a voluntary and agreed upon Peer Assistance Review program.

On-going professional learning is provided by district office staff, including the district's Teachers on Special Assignment for Educational Technology, GATE, Inclusion, and Alternative Programs. This training will come in the form of weekly communications to all teachers, "virtual office hours", opportunities for teachers to schedule appointments, and larger group training on specific topics.

Site administrators receive continuous training at bi-weekly meetings and through a full-day training at the beginning of the school year. In addition, principals received professional development in diversity, equity, and inclusion throughout the course of the year. Furthermore, the Ventura County Office of Education offers a professional learning series specifically designed for district and site administrators. Administrators attend workshops in Multi-Tiered System of Supports, assessment, social-emotional learning, supervision, evaluation, and leadership.

TK-12 counselors and psychologists also participate in monthly professional development in which they engage in specific training related to social-emotional learning. In addition to professional learning activities offered to the District's teachers and administrators, classified employees receive training that is specific to their assignments.

The CVUSD Professional Learning Hub is also available for teachers to utilize asynchronously. The Hub includes professional learning resources on a variety of topics, including Canvas, UDL, GATE, assessment, and student engagement strategies.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

# Local Accountability Report Card (LARC) Addendum

## 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
