What is the Local Control Accountability Plan (LCAP)?

The LCAP is a three-year plan that describes the goals, actions, services, and expenditures to support positive student outcomes that address state and local priorities. The LCAP provides an opportunity for local educational agencies (LEAs) to share their stories of how, what, and why programs and services are selected to meet their local needs.

Can Changes Be Made To A 3-Year Plan?

Each year, we are able to make revisions to the 3-Year Plan based on feedback from educational partners and progress made on actions/services. Each year in May/June, the next year's LCAP is brought forward with updates and changes to the public and the board of education two times - once for a public hearing and as information/comments, and a second time for possible approval by the Board of Education.

Changes will be noted specifically on the 2023-24 LCAP in which metrics and actions/services may be removed, added, or adjusted.
