

Cowabunga !

What's the value of Redwood Viking family volunteerism?

It's the difference between a breaking barrel and an ankle buster (surfer terminology). All in all, a really great ride...

This school year, Redwood parents donated 7,752 hours of their time, which according to IndependentSector.org = \$208,316

Of that, 2506 hours were spent on PTSA-specific work, totaling \$67,346 in value.

Year-round support for Redwood Band (3,650 hours), and office help (1,152 hours) tops off the biggest areas from consistent helpers while one-time-only events such as Abilities Week (286 hours) need a high number of helpers in a short time span.

Many hands make light work, and enthusiasm lifts up our teachers and administrators to be the best they can be. If you're here volunteering, you'll see it for yourself!

High support creates a GREAT environment - and isn't that why we chose this school? I know I did, and I know what a great job Redwood does preparing our kids for high school.

There's something for everyone, no matter your schedule. It all adds up. Please volunteer!

Thanks Redwood, for a great ride!
