

## CONEJO VALLEY UNIFIED SCHOOL DISTRICT CHROMEBOOK ACCIDENTAL DAMAGE PROTECTION PROGRAM

Conejo Valley Unified School District (CVUSD) is pleased to provide all students with a Chromebook through the District's 1:1 Program. While at no cost to families, proper use and care of the Chromebook is the responsibility of the student and their parent/guardian.

To support this program, CVUSD is offering Chromebook Accidental Damage Protection (ADP) program for parents to eliminate the concern and costs of repairing or replacing damaged, or stolen Chromebooks.

The District recommends parents/guardians purchase this **\$25** device accidental damage protection from CVUSD. This fee covers potential incidents like cracked screens, missing keyboard keys, damaged plastics, liquid spills, and theft. Funds from this program will be used to repair damaged devices or replace devices covered under the program.

Without accidental damage protection, typical repair costs for things like a broken screen or keyboard can range from \$100 - \$200. For excessive damage, Chromebooks have a total replacement cost of \$250 - \$400 depending on the model. Our goal is to ease parent concerns over damage to devices while in their child's care and continue to support a sustainable take-home program for our schools.

The ADP program protects the student's district-issued device against up to two (2) instances of accidental damage or one (1) complete replacement of a damaged, or stolen device.

**Purchasing Accidental Damage Protection is optional, but highly recommended. Accidental Damage Protection purchases are non-refundable.**

Information regarding the process and timelines to purchase Accidental Damage Protection can be found on the [CVUSD Technology Services](#) website.

If you miss the initial enrollment window or check out a device later in the year, you can still purchase accidental damage protection for the 24/25 school year using the link below. Late enrollments are not prorated and do not cover incidents of damage before the purchase.

**Without Accidental Damage Protection, the student's legal parent/guardian is responsible for all costs associated with the repair or replacement of the device due to accidental damage, or theft. The student's legal parent/guardian agrees to reimburse the District for the cost of the student's Chromebook within 30 days of reporting damage, theft, or any other loss.**
