

**COURSE TITLE:** Technical Theatre

Level of Difficulty	Estimated Homework	Prerequisites
Moderate	0-30 Minutes	<b>District:</b> None <b>Department Suggestion:</b> None

**Course Description:**

This course will introduce the student to what goes on behind the scenes of the theatre, in all technical aspects: lights, sound, set construction, costuming, properties, rigging, and stage management. Students are responsible for creating the technical aspects of school theatre productions and manage technical aspects for other Newbury Park High School events in the Performing Arts Center throughout the school year. The student will leave this course with a general understanding of the subject, demonstrating the ability to use technical vocabulary in their chosen expertise(es), learn proper protocol and etiquette, and give students the confidence to work for community or professional organizations in theatre.

**Grading:**

Participation: 50%

Performances tests: 25%

Class Projects and Service points: 25%

**Syllabus:**

Attached to teacher website

**Supplemental Information:**

Students will work (accruing service points) on NPHS Theatre productions and fundraisers outside of the regular class hours and school day, on occasion.
