

*Home of the Ventura County Teacher of the Year*

## ***Dedicated to the BEAT<sup>2</sup>***

### **Bringing Education, Arts & Technology Together**

- Walnut invests in the arts and technology for a well-rounded educational experience.
- Along with regular music, art, and drama instruction, all of our students participate in a grade-level musical linked to concepts they are studying in class. TK and K also use dance to engage with academics.
- Students use a variety of digital programs and devices as tools for 21<sup>st</sup> century learning.

*All students participate in focused, small group instruction each day during **Target Time**. Additional credentialed teachers work with our classroom teachers to ensure each student receives a "just right" fit—whether that's extra support, grade-level practice, or academic enrichment.*

- ❖ **Create Club** recess option allows students to make their own artistic creations with recycled materials.
- ❖ **Coding Club** teaches students the basics of coding as they write code and program Ozobots.
- ❖ **After-School Tutoring** available with Walnut teachers
