INTRODUCTION

The Conejo Valley Unified School District is committed to cultivating a long-term mission and vision for diversity, equity and inclusion (DEI). It is our mission to recognize that each child is unique and when differences are celebrated, a community of inclusivity, kindness, and respect results, which enhances the learning for all. CVUSD is committed to acknowledging underrepresented individuals and/or communities by working together to break down barriers as well as ensuring full and equal access to opportunities and resources.

In Conejo Valley Unified School District, we believe ALL students deserve an exceptional educational experience filled with opportunity and choices. At CVUSD, we have a right fit for every family and we believe each child has unique gifts to discover. Our schools are positive, safe, and inviting learning environments. We believe in a partnership between the community, parents, students, and faculty. To ensure ideal academic outcomes for our students, we use teamwork, relationship building, trust, and accountability to lead the way into a bright future, together.

CVUSD's DEI vision is to have a district where every student is encouraged to reach their highest potential as we celebrate our differences and maximize potential to achieve excellence. CVUSD will fully embrace our diverse community as expressed through race, ethnicity, socioeconomic status, mental or physical ability, sexual orientation, gender identity, gender expression, religion, national origin, immigration status, language background, language proficiency, and family structure. We are a district where all, truly means all.

CVUSD acknowledges a change of mindset, growth, and hard work from dedicated people with a desire to achieve and maintain this vision. CVUSD is committed to the District's Diversity, Equity and Inclusion plan as it provides a clear and intentional path for the Board of Education, District, and community to successfully navigate its way to achieve this vision.

CVUSD recognizes that life is always evolving and as a district, we will evolve with it. EXECUTIVE SUMMARY

Addendum to the DEI Strategic Plan
December 2023

APPENDIX

Executive Summary

Demonstrating an unwavering commitment to the diverse needs of every student, CVUSD exemplifies its dedication through a comprehensive suite of plans. The Diversity, Equity, and Inclusion (DEI) Strategic Plan stands as a document, meticulously crafted to harmonize with the goals outlined in the Local Control Accountability Plan (LCAP), Board Policy/Administrative Regulations, and Education Code.

Serving as the guiding lens for our collective endeavors, this plan seamlessly integrates with the Strategic Plan for the Inclusion of Students with Disabilities and the Multilingual Learner Master Plan. Though each document maintains its unique focus, they converge with a shared objective: the creation of an inclusive and equitable learning environment. Our aim is to address the distinctive needs of every student, foster diversity, and instill a profound sense of belonging within our educational community.

Foundational Framework for the DEI Strategic Plan

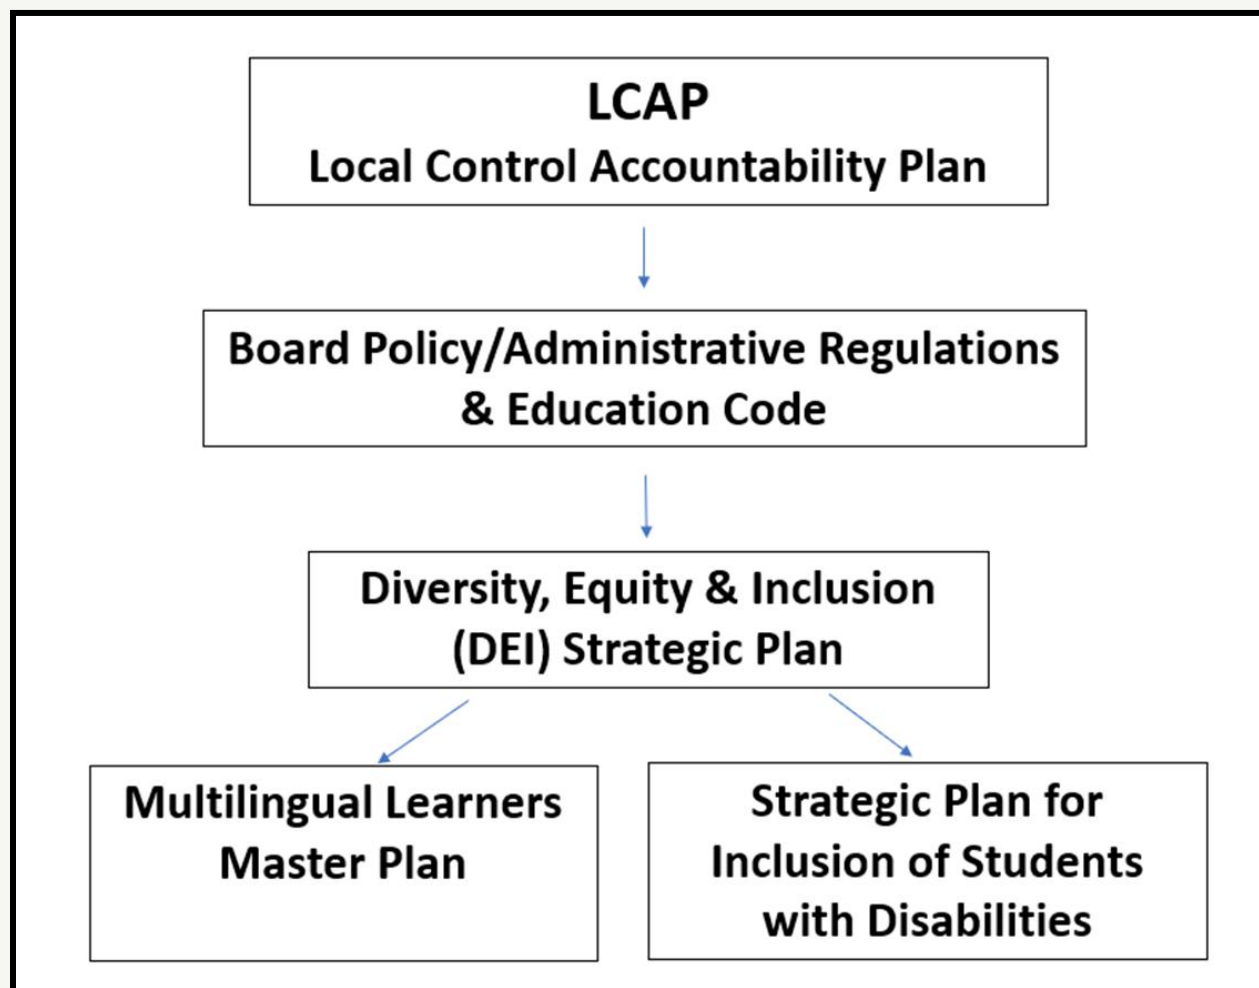

The primary focus of the role of the Assistant Director of DEI is to foster a diverse, equitable, and inclusive environment for students, staff, and the community. The DEI department employs research-backed strategies that emphasize student voice and collaboration with stakeholders. To gather input from parents, students, and community members, the district has several advisory councils dedicated to addressing issues concerning marginalized groups. The DEI department formulated a comprehensive DEI plan based on findings from an informal Equity Audit, utilizing guidance from the Mid-Atlantic Equity Consortium, Inc (2021) [MAEC Equity Audit](#). This audit provided a foundational framework for the development of our strategic plan.

The DEI strategic plan was created by integrating data from the district's Local Control and Accountability Plan (LCAP), adherence to board policies, and compliance with Education Code regulations. In addition, there was qualitative data from student and staff interviews, parent commentary and feedback from advisory councils and collaboration with District Leadership.

This comprehensive approach facilitated the identification of eight core goals that would steer the district's DEI efforts. As the plan gained momentum, additional initiatives, such as the Multilingual Learners Master Plan and the Strategic Plan for Inclusion of Students with Disabilities, were conceived to complement and reinforce the overarching DEI strategies. Consequently, the DEI plan evolved into a pivotal tool guiding subsequent initiatives, fostering synergy among various plans to collectively address and enhance equity within the district.

Areas of Focus

The DEI Strategic Plan encompasses eight overarching goals strategically categorized into key areas of focus, namely Curriculum and Educational Equity (Goals 1, 3 & 5), Belonging and Community Building (Goal 3), Transparency and Educational Equity (Goal 6), Continuous Development and Cultural Competency (Goal 7), Compliance and Governance (Goal 2) and Workforce Development & Culture (Goal 8).

As illustrated in the Diagram below, aligning these goals underscores our comprehensive commitment to fostering a diverse, culturally competent, and inclusive school community. This holistic approach signifies our dedication to creating an environment that goes beyond mere compliance, aiming for genuine and transformative change.

Next Steps

After the recent board meeting and presentation on November 1, 2023, we engaged in discussions regarding the implementation of action plans. Below are a few highlights of our next steps as part of the District's implementation plan:

- **Establishing Equity Oversight Committee:** focused on recruiting and organizing a dedicated group of parents and students who will actively provide feedback on the effectiveness of the action plans.
- **DEI Leadership Discussions:** Expanding on these efforts, the DEI department plans to visit each school to establish connections with individual site leaders. These meetings will serve as opportunities to discuss and highlight specific areas of focus for each school throughout the remainder of the academic year. Currently, each site principal has identified three areas for improvement, and they have already received constructive feedback and relevant resources to support their endeavors.

This collaborative approach aims to identify emerging themes across all schools, providing valuable insights that will guide the district in offering universal support to school sites. By fostering collaboration among schools, principals, and leadership teams, we intend to create clusters that encourage the sharing of best practices throughout the year. This collaborative effort will streamline ideas and collective efforts, allowing for a more cohesive and effective implementation of the DEI plan.

Moreover, we have outlined specific training initiatives as part of our action plans. These initiatives underscore our commitment to fostering an inclusive and equitable educational environment while ensuring that our actions are strategic, measurable, and aligned with the overarching goals of the DEI plan.

- **ADL Training:** This program will continue to focus on providing training for both certificated and classified staff, enhancing their understanding of diversity, equity, and inclusion principles.
- **ADL Student Mentor Training:** Targeted at high school juniors and seniors, this program aims to equip students with the skills and knowledge to serve as mentors, fostering a more inclusive and supportive school community.
- **Coaching with Epoch Education:** Small Group Coaching will be implemented to provide additional support and guidance, further enhancing the effectiveness of our initiatives. Ongoing coaching sessions will be conducted for both district and site leadership to ensure continuous improvement.
- **Culturally Proficiency Training for New Teachers:** Structured workshops have been scheduled for new teachers as part of the induction program. These sessions are designed to furnish new educators with essential anti-bias training tailored for the classroom environment. Additionally, the workshops will present a comprehensive overview of the goals outlined in the DEI (Diversity, Equity, and Inclusion) plan. Furthermore, these sessions will highlight the array of resources at their disposal to support teachers in cultivating cultural proficiency within their educational practices.
