To find these resources click on "Virtual Library."

Scholastic BookFlix is an online literacy resource that pairs classic video storybooks with related nonfiction eBooks to build a love of reading and learning. Linking fact and fiction, BookFlix reinforces early reading skills, and introduces topic exploration. Interactive reading includes read-along options, fiction/ nonfiction pairs, definitions and narrated text support, educational games, and author biographies. Grades K – 5.

Brainfuse HelpNow! offers live, online homework help from a Brainfuse tutor, skills building services to help students master a concept through tutoring and state-aligned online lessons, and a 24/7 Help Center for students to submit a homework question that is answered by a tutor within 24 hours. Students can also create their own flashcards and multiple choice quizzes for self-study on both computers and mobile devices. Brainwave is a tool that allows you to record a movie of your activity on the Brainfuse whiteboard, whether it's for solving a problem or for a fun presentation. HelpNow is available for K-Adult Learners.

Britannica Library Children includes thousands of images, videos, and statistics to research virtually any topic. Other resources include research guides, learning activities for English & language arts, the sciences, the Social Sciences, timelines on various topics, and an online dictionary and thesaurus. K-8th Grade.

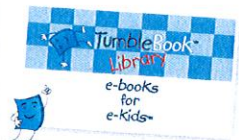

Learning Express Library gets students ready for school with practice, lessons, and study help in most subjects. There are tests to improve math, reading, and writing skills as well as downloadable e-books. Grades 4 – Adult Learners.

ScienceFlix includes curriculum-driven resources, interactive features, and an easy to use interface for students. Read information about science topics, watch videos, create projects, take quizzes and more. Grades 4-9.

Student Resources in Context History, Science, Literature and other core subjects are covered in millions of periodical and newspaper articles, primary source entries, multimedia records and other materials.

TumbleBook Library combines animation, sound, music and narration with existing children's books to produce electronic books which students can read, or have read to them. This dynamic collection of picture storybook books, read-along chapter books, non-fiction books, quizzes, videos, games, and puzzles provides enrichment for students who are reading independently and support and help to readers who require skill building.

World Book Online Reference Center gives access to **World Book Early World of Learning**, a teaching tool for teachers or parents of preschoolers and children in early elementary grades, also **World Book Discover**, **World Book Infinder**, and **World Book Kids** with reference articles, learning resources, quick facts, atlas, activities – a whole world of information for Elementary students.
